

DRUM COVERS

SHOWER CAP COVER

Shower Cap Drum Covers offer low cost protection from dirt, dust, and moisture. Prevents contamination and evaporation. Heavy-duty, weather-proof elastic hem is securely lock-sewn, keeps cover in place yet allows easy removal when needed. Polyethylene covers are made from clear 4 mil FDA-approved LDPE with 3/8" wide elastic band or 8 mil black woven LDPE. Available for 5 gallon pails and 55 gallon drums.

55 GALLON DRUM COVERS

The 55 Gallon Drum Cover is the best protective drum cover available. Unique Uniroyal® thermoplastic elastomer is highly cut and tear resistant, resists UV light and most chemicals. Cover can be re-used dozens of times without damage. Stack pallets of filled drums 4 high without damage to cover. For 55 gallon drums, tight-head and open-head for UN materials, open-head for non-UN materials, and open-head without cover are all available. 30 gallon tight-head is also available.

FEATURES:

- Snaps tightly onto drums, keeps weather out
- Stays flexible at -50°F, holds its shape at 275°F
