

SAF-T-CURE

DISPOSABLE FACE MASK

The SAF-T-CURE Disposable Face Mask

The **Disposable Face Mask** provides excellent one-size-fits-all protection for a variety of airborne particulates. Its flexible design features enable the wearer to breathe comfortably for hours of use.

The **Disposable Face Mask** provides limited protection against nuisance and non-toxic dusts, powders, and other common airborne irritants. This mask is ideal for:

- Sanding of woodwork, furniture and autos
- Grinding operations
- Cleaning basements, attics, garages, dusty work areas

Product Highlites

- Suitable for workshop, pollen, sweeping, gardening, farm work, cleaning and protection against other non-toxic airborne dusts.
- Soft, flexible nosepiece permits individual adjustment to face.
- Compact design allows mask to easily be worn with glasses and goggles.
- One-size-fits-all design is perfect for home, factory, farm and garden use.

This mask will reduce, but not eliminate the inhalation of contaminants, and is not suitable for the use against toxic or hazardous air contaminants, such as, but not limited to, paint spray mists, asbestos, silica, cotton or other toxic dusts, fumes, gases and vapors. It is the responsibility of the user to determine the suitability of this mask for their application. If there is any doubt as to the applicability of this mask, please consult an industrial hygienist. Mask is not NIOSH approved.

The adjustable mask fits comfortably over the mouth and nose
