

# Spatulas and Ink Knives

Our complete line of UV-compatible spatulas, ink knives and scrapers includes the widest variety of ink handling tools for every application

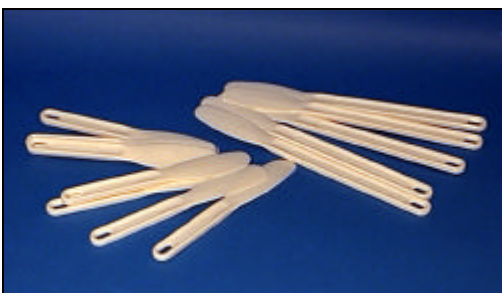

Plastic Spatulas (#J005-001/2/3)

## PLASTIC SPATULAS

Plastic Spatulas are ideal for mixing sensitive materials without scratching surfaces. Constructed of durable hard rubber, these spatulas are resistant to inks, coatings and solvents. Completely solvent resistant and non-reactive. Offered in 3 different sizes. Sold individually.

Item No.	Blade Size
J005-001	4" Blade
J005-002	6" Blade
J005-003	8" Blade

Disposable Plastic Spatulas (#J005-007/8)

## DISPOSABLE PLASTIC SPATULAS

The Disposable Plastic Spatula will allow easy clean-up of UV materials and ensure the product integrity. These spatulas will not be affected by UV compositions or most solvents found in the clean-up process. Priced to allow convenient disposal when soaked with ink. Available in two sizes: 7-1/2" inch overall length, 1-1/4" blade width x 3-1/2" blade length and 11-1/4" inch overall length with a 3-1/2" blade width and a 1-1/4" blade width.

Item No.	Blade Size
J005-007	7-1/2"
J005-008	11-1/4"

Plastic Spreaders (#J005-009)

## PLASTIC SPREADERS

This all-polyethylene flat scraper will not be affected by UV inks, coatings, adhesives or cleanup solvents. Low cost permits convenient disposal. Each measures 3" x 5" and incorporates a thin tapered edge for cleaning.

Item No.	Description
J005-009	3 x 5" Plastic Spreader

## MINI SCRAPER

Disposable, flat polypropylene ink scraper for manually pushing ink from well to the print area. Also useful in cleaning rollers and screens. Sold per dozen.

Item No.	Description
J005-050	Mini Scraper

# Spatulas and Ink Knives

Our complete line of UV-compatible spatulas, ink knives and scrapers includes the widest variety of ink handling tools for every application

Plastic Ink Knives (#J005-016/22/23)

## PLASTIC INK KNIVES

The Plastic Ink Knife incorporates all the convenient features the pressman needs to pick up and transfer inks without damaging rubber or plastic parts on the press. The Plastic Ink knife is injected molded in one piece from tough but gentle polypropylene. Lightweight with a generous tapered handle which ensures a firm grip and forms a natural extension of the pressman's hand. The bottom of the blade has a slight angle to facilitate removing ink from a container while leaving as little residue as possible. Available in 3 sizes: 3" wide, 7-1/2" long with an overall length of 13", 5-1/2" x 4-1/2" with an overall length of 11", and 4" x 4" with an overall length of 11". Flat on one side and reinforced on the other for maximum strength in moving ink around. Ideal for the screen printer and the litho printer. Bright yellow.

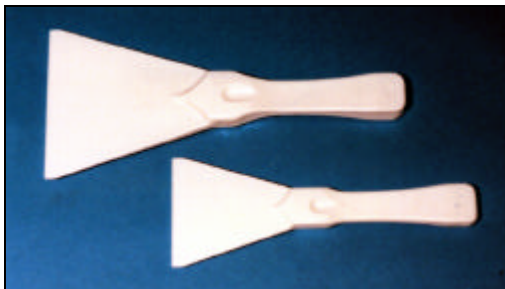

Green Spatulas (#J005-027/28)

Item No.	Blade Size (W x L)
----------	--------------------

J005-016	3" x 7-1/2"
J005-022	5-1/2" x 4-1/2"
J005-023	4" x 4"

## GREEN SPATULAS

Polypropylene spatulas are ideal mixing and scraping tools for paint and chemical clean-up due to green, anti-static composition. Non-spark, non-scratch properties consistent for use with high flash point chemicals. Solid, one-piece construction ensures years of long use. Also can be sterilized without being damaged. Tapered handle provides comfortable and sure grip. Also available in white.

Polypropylene Spatula (#J005-024/25)

Item No.	Blade Size (W x L)
----------	--------------------

J005-027	4 x 9"
J005-028	3 x 8"

## POLYPROPYLENE SPATULAS

Polypropylene Spatulas are excellent for UV ink and coating cleanup as well as for handling conventional paints, adhesives and chemicals because of their non-sparking and non-scratch properties. One-piece polypropylene construction ensures years of long use and permit sterilization without damage. Safe to use, they have no dents or sharp edges that might cause injury. Tapered handle and thumb hole design allows for a strong, sturdy grip. These spatulas will not scratch metal surfaces. Available in 4-3/8"(W) x 9-3/4"(L) and 3"(W) x 8"(L) sizes.

Item No.	Description
J005-024	Polypropylene 4-3/8" Spatula
J005-025	Polypropylene 3" Spatula

# Spatulas and Ink Knives

Our complete line of UV-compatible spatulas, ink knives and scrapers includes the widest variety of ink handling tools for every application

Soft Blade Spatula/Scraper (bottom)  
Nylon Spatula Scraper (top)

## SOFT BLADE SPATULA/SCRAPER

The Soft Blade Spatula/Scraper is ideal for all scraping chores. The wide blade measures 4-1/2"W x 7"L and is curved on one edge allowing smooth, clean use. Constructed of low density polyethylene for exceptional flexibility and resistance to most chemicals, inks, solvent inks and water-based inks. Short, ribbed plastic handle for easy grip. Total length: 13-1/2". Sold individually or 6/case.

Item No.	Description
J005-015	Soft Blade Spatula/Scraper

## NYLON SPATULA SCRAPER

Nylon Spatula Scrapers are light, easy to use and sanitary. Constructed of durable nylon, they will not splinter or harm equipment. Just rinse to keep clean and odor-free. Will not scratch, mar or become dull. Length: 13-1/2".

Item No.	Description
J005-021	Nylon Spatula Scraper

## NYLON PADDLE SPATULA

Lightweight, easy to handle SAF-T-CURE® Nylon Paddle Spatula has a 40" plastic handle and a 4-1/2"x7" blade. Will not scratch, leave a black mark, or splinter. Designed to sharpen with use. Cleans effortlessly.

Item No.	Description
J005-020	Nylon Paddle Spatula

## NYLON SCRAPERS

The long, rigid Nylon Scraper Spatula is molded of glass reinforced polyamid. Features straight, chisel-type scraping edge which may be resharpened. The tapered handle provides a comfortable grip. Resistant to chemicals, this durable multipurpose scraper is ideal for use with UV inks and coatings. Will not damage rubber or plastic press parts. Ideal for screen printers, too. Scraper size: 2-4/8" wide with a 5-1/2" long flat blade. Overall length: 11-1/4". Sold individually or 6/case.

Item No.	Description
J005-018	Nylon Scraper Spatula
