## **UV LIGHT-365 Long Wave Ultraviolet Lamp (#A114-004)**

## **UV LIGHT-254 Short Wave Ultraviolet Lamp (#A114-001)**

The CON-TROL-CURE® UV Light-365 Long Wave Ultraviolet Lamp (#A114-004) and UV Light-254 Short Wave Ultraviolet Lamp (#A114-001) are six-watt rechargeable portable lamps. Each is equipped with a built-in plug-in wall recharger.

### **TO CHARGE**

1. Remove lamp from packaging.
2. Confirm that the plug-in wall charger is the proper voltage for your area.
3. Plug the charger into an electrical outlet. The RED LIGHT on the lamp will now be on. This indicates the battery in the lamp is recharging. NOTE: The lamp will not operate when the charger is plugged in.
4. After fully charging (normally 24 hours), unplug the lamp from the wall.
5. Push down on the rubber insulated switch. The lamp will light and the GREEN LIGHT on the lamp will come on.

**CAUTION!!!** The CON-TROL-CURE® Short Wave Ultraviolet Lamp emits 254nm UV, which can cause severe irritation or burning to unprotected eyes and skin. Wear UV blocking eyewear when in use to avoid injury.

### **SPECIAL FEATURE**

Both the UV Light-365 Long Wave Ultraviolet Lamp and UV Light-254 Short Wave Ultraviolet Lamp can operate as A/C lamps by purchasing external plug-in AC/DC adapters from UV Process Supply, Inc.

Simply plug this ballast into the connection located above the GREEN light and turn the lamp on. The GREEN light should come on indicating the lamp is operational.

### **BULB REPLACEMENT**

Under normal use, these lamps will provide hundreds of hours of service.

### **REPLACEMENT BULB PART NUMBERS**

Item No.	Description
A114-005	UV Light-365 Long Wave Replacement Bulb
A114-002	UV Light-254 Short Wave Replacement Bulb

### **WARRANTY**

UV Process Supply, Inc. CON-TROL-CURE products are guaranteed to be free of defects in materials, workmanship, and manufacture for one year from date of purchase. Consumable and disposable products, including, but not limited to lamps or light tubes, filters, or rechargeable batteries, are guaranteed to be free from manufacturing defects and materials for ninety days from date of purchase. If product failure occurs during the warranty period, UV Process Supply, Inc. will examine the inoperative product and have the option of repairing or replacing any part(s) which, in the judgment of UV Process Supply, were originally defective or became so under conditions of normal use and service.

No warranty shall apply to any product, or part thereof, that has been subject to accident, negligence, alteration, abuse, or misuse by the user. Moreover, UV Process Supply makes no warranties whatsoever with respect to parts not supplied by UV Process Supply or that have been installed, used and/or serviced other than in strict compliance with the instruction appearing in the operating instructions supplied by UV Process Supply, Inc.

In no event shall UV Process Supply be responsible to the user for any incidental or consequential damages, whether foreseeable or not, including, but not limited to, property damage, inability to use equipment, lost business, lost profits, or inconvenience arising out of or connected with the use of products supplied by UV Process Supply. Nor is UV Process Supply liable or responsible for any personal injuries occurring as a result of the use, installation and/or servicing of product.
